## SGIFF SOUTHEAST ASIAN SHORT FILM GRANT SUBMISSION GUIDELINES

### Definition:

- A short film-length screenplay is a work of fiction or non-fiction that serves as the blueprint for a film that is below or equals 25 minutes in length including opening and end credits.
- A director's statement outlines the director's intent and story of a project in a manner more personal than the script and may include details of directorial style.
- An estimated production budget states how much it will cost to make a project from development through to completion. The budget should reflect the expected expenses incurred in all the different departments, including but not limited to actor's fees, equipment rental, art department, location expenses, and post production. This should reflect what the project should cost to make, not what you want it to cost.

### Deadline:

- All entries must be complete. Submissions should reach us no later than *Monday, 31 January 2019, 6.00pm (GMT+8)*.
- Any submission received after the deadline will not be accepted.
- Only 2 short films will be selected. All decisions are final.

### Format:

- The SGIFF SEA-Shorts Grant only accepts a secure online link of the portfolio work being submitted.
- Films in any other language other than English must have English subtitles.

### Selected Projects:

- The SGIFF SEA-Shorts Grant will notify successful applicants of the selection results by *July 2019*.
- The SGIFF SEA-Shorts Grant does not provide individual explanation on the non-selection of a project.
- Once a project is selected, the applicant will not be able to withdraw the project from the SGIFF SEA-Shorts Grant.
- Ownership of the short film produced with the SGIFF SEA-Shorts Grant will belong solely to the applicant.
- Recipients must indicate SGIFF SEA-Shorts Grant support in any subsequent project materials, by displaying the SGIFF SEA-Shorts Grant logo in the completed short films.
